COLLETT

EXPERTS IN MOTION

Collett Win at the Motor Transport Awards!

Collett & Sons Ltd named as the Team of the Year at the 33rd Motor Transport Awards!

Last night Collett headed off to the Motor Transport Awards at the Grosvenor House Hotel in London's Park Lane, and they're heading home with an amazing new addition to their awards cabinet!

For over 30 years, the Motor Transport Awards have been seen as a benchmark for excellence among UK road transport fleet operators, vehicle manufacturers and other innovators, and every year since 1986 a who's who of road transport has gathered together to celebrate the winners of the 20 awards.

Collett are delighted to be presented with the Team of the Year Award for their work on completing [Willenhall](#), [Cellarhead](#) and [Lovedean](#) substation transformer projects within a four week period.

Judges said the project was extremely challenging, especially as these high-profile moves had attracted a lot of publicity and so the Team were under great pressure to deliver. One judge was especially impressed with the breadth of the service provided by Collett, while another said the Team had only one shot to get it right and they had "smashed it out of the park".

What an amazing night!
